CONSULTANCY

ADVISORY SERVICES

TRANSFORMING THE PUBLIC SERVICE THROUGH COMPETENCY DEVELOPMENT

- I. The Kenya School of Government is responsible for the transformation of the Public Service through the development of knowledge and competencies among public servants, leading to continuous improvement in the quality of services offered to citizens. The School offers capacity-building programs on leadership and management-related issues through:
 - a. Training that is designed to promote professional expertise and public service values;
 - b. Research to improve Institutional problem-solving ability
 - c. Consultancy services to support organizational re-engineering of public institutions; and
 - d. Advisory services for policy reform
- II. The capacity development programs and services that the School offers are geared to meet the expectations of citizens in institutional performance by enabling public officials to:
 - a. Efficiently and promptly respond to citizen needs;
 - b. Make services readily available and accessible;
 - c. Discharge duties professionally;
 - d. Embrace corruption-free behaviour;
 - e. Accommodate views of citizens in decision making, and
 - f. Demonstrate patriotism by prioritizing public interest above personal interest.
- III. The School appreciates the important role that every public servant has to play in order to realize Government goals and therefore has placed on offer competency development programs for all levels and categories of public officials, from lowest ranking officers to the highest. The programs cater also to public servants in Government ministries, state corporations, constitutional commissions, the Judiciary, legislature, and County Governments. Trainees from the private sector, non-Governmental organizations and foreign countries are also welcome at the School.
- IV. The trainees attend the programs in the five KSG campuses at Baringo, Embu, Lower Kabete, Matuga and Mombasa. Online programs that are coordinated by the e-Learning and Development Institute are also available to participants.
- V. Training activities may be conducted at the clients work station or any other preferred venue.
- VI. Public servants attending KSG programs are usually either newly appointed or serving officers with considerable experience in their fields of professional practice. The caliber of faculty and trainers at the School are therefore distinguished professionals with appropriate knowledge, training, and above all, rich practical experience in Public sector leadership and management. Trainees graduating from KSG are sufficiently prepared to serve consistent with established professional standards.
- VII. The School has reviewed some of the old programs and introduced new syllabi intended to address existing shortfalls in competency of public servants and in service delivery. Training programs may also be custom-made upon request to meet specialized requirements of individual public institutions.
- VIII. Admission into the programs is subject to fulfilment of course prerequisites.
- IX. Training dates for all programs may be as far as possible scheduled to suit client convenience.
- X. Enrolment in all training programs is open. More information may be obtained at www.ksg.ac.ke
